Design Services

Stone Reception Company designs bespoke stone-based reception desks with CAD precision and industry expertise. Through consultation and site survey, we capture key dimensions and brand values.

Our three-stage process, Consultation, 2D/3D layouts, and fully rendered visuals, ensures a reception space that combines ergonomic function with bold, professional brand expression and lasting impact.

2D & 3D Layouts

Stone Reception Company delivers precision design for bespoke stone reception desks through detailed 2D layouts and sharp 3D line drawings.

Our technical plans showcase proportions and positioning from every angle, ensuring clarity and control. Early previews eliminate design issues, aligning every detail with your vision from concept to completion.

Rendered Visuals

Stone Reception Company's rendered visuals showcase colours, finishes, and materials with stunning realism. This immersive preview lets you refine your stone reception desk design before installation, ensuring every detail aligns with your vision.

A trusted, client-favoured step that brings your concept to life with clarity, confidence, and design precision.

How we work

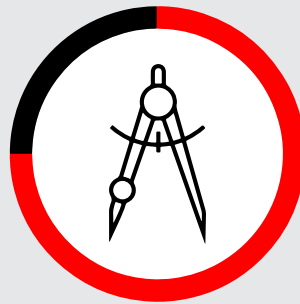

Process 1: Consultation

We begin with a complimentary consultation and site survey tailored to commercial spaces. Accurate measurements guide desk placement and layout.

This stage ensures optimal functionality and sets the foundation for a bespoke reception solution that reflects your brand's identity.

ADVICE

DESIGN

Process 2: Design

Using site survey data, we produce precise 2D and 3D drawings of your reception desk. These visuals allow collaborative refinement, ensuring alignment with your expectations.

Every angle is considered, reducing revisions and paving the way for confident design approval.

Process 3: Quote

Once the design is approved, we issue a free, detailed quote outlining size, style, materials, and finishes.

Valid for 30 days, it supports accurate budgeting, unless selected materials become unavailable or require substitution due to supply constraints.

QUOTATION

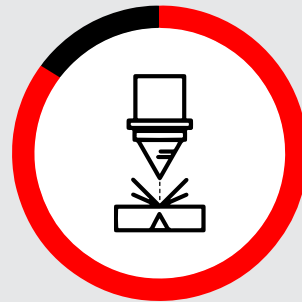

Process 4: Order

After quote acceptance and deposit, we begin sourcing materials. Unique finishes may require additional lead time.

Production follows your approved design, and final payment is due before delivery, ensuring a smooth process and a tailored reception result.

ORDER

PRODUCTION

Process 5: Production

With materials in hand and deposit confirmed, we begin crafting your reception desk.

Each piece is precision-made to match approved drawings, featuring refined edges and hand-finished surfaces. Rigorous quality checks ensure durability, detail, and a flawless finish.

Process 6: Installation

Installation is carefully coordinated to minimise disruption. Material type may affect timing, but every step is handled with precision and care.

Your final approval confirms successful completion of your bespoke stone reception desk project.

INSTALLATION

Concept to Completion

From concept to completion, Stone Reception Company transforms your vision into a bespoke reception desk crafted from Granite, Quartzite, Quartz, Corian®, or Dekton. We tailor each design to reflect your brand, optimise space, and meet your budget, whether you favour bold modernity or timeless elegance.

Our expert team creates curved, straight, or conical forms at ideal working heights, using premium materials and contemporary finishes.

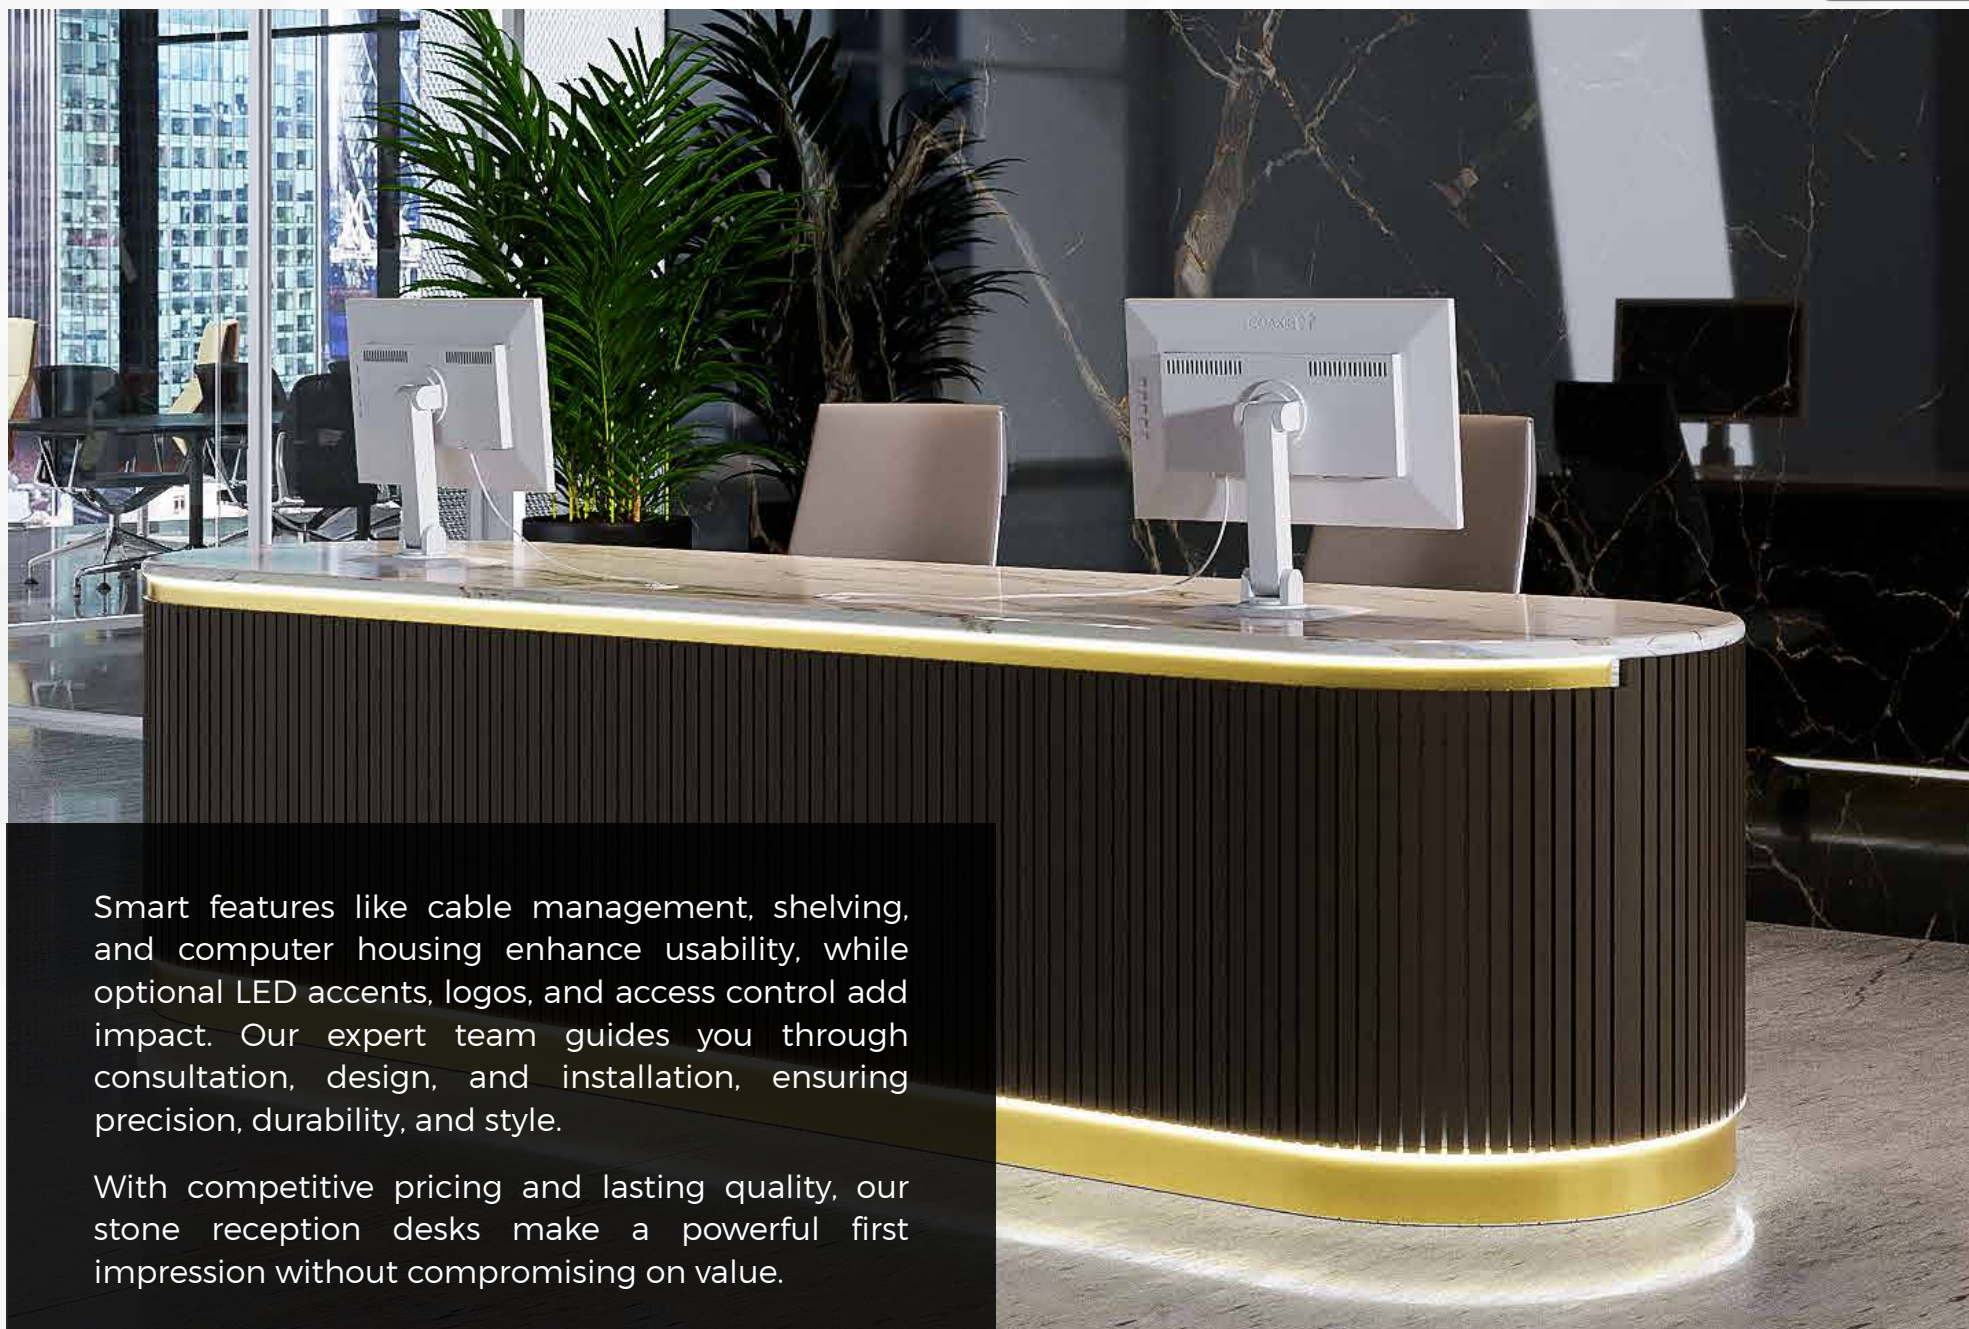

Every detail is shaped with CAD precision and advanced fabrication techniques, ensuring lasting quality and visual impact. The result is more than a functional workspace, it's a powerful statement of professionalism and style, designed to impress from the moment your clients walk through the door.

A modern reception desk with a black marble top and a silver computer monitor. The desk is set against a light grey wall with a 'Reception' sign. Three geometric pendant lights hang above the desk. A red office chair is visible on the left, and a yellow office chair is behind the desk. A vase of yellow flowers sits on the right side of the desk.

Functional & Affordable Solutions

Stone Reception Company offers affordable, bespoke reception desks crafted from premium materials including Granite, Quartzite, Quartz, Corian®, and Dekton. From concept to completion, we design and deliver tailored solutions that reflect your brand, optimise space, and meet your budget. Whether you prefer sleek modern lines or timeless elegance, our desks combine standout design with everyday practicality.

Smart features like cable management, shelving, and computer housing enhance usability, while optional LED accents, logos, and access control add impact. Our expert team guides you through consultation, design, and installation, ensuring precision, durability, and style.

With competitive pricing and lasting quality, our stone reception desks make a powerful first impression without compromising on value.

Attention to Detail

At Stone Reception Company, attention to detail defines every stone-clad reception desk we create.

From refined aesthetics to intelligent functionality, each piece is meticulously crafted to elevate your professional space.

We offer complementary elements, tables, credenzas, and storage, tailored to match your reception's tone, layout, and purpose.

Renowned across the southeast for sleek, durable, and highly functional designs, our desks feature integrated power ports, drawers, and monitor spaces for seamless daily use.

Every surface, edge, and finish is executed with precision by expert craftsmen using premium natural and engineered materials.

The result is furniture that performs as beautifully as it looks, because in reception design, it's the smallest, most thoughtful details that make the biggest impact.

Completed Projects

Stone Reception Company creates bespoke reception furniture for medium to large businesses across sectors. From blue-chip corporates to clinics, NHS centres, and schools, we deliver tailored solutions that blend durability, hygiene, and visual impact.

Each installation reflects the client's brand and spatial needs, using premium materials and precise detailing. Our work balances function with elegance, whether for high-end interiors or practical public spaces.

With deep industry experience and a commitment to excellence, we design reception areas that empower teams, impress visitors, and elevate identity.

Whatever your sector, we ensure your first impression is memorable, professional, and perfectly aligned with your brand.
